BIG DAMAGE SUIT TO BE TRIED NEXT WEEK

W. N. Deering Asks \$25,000 From L. & N.—Morgan Evans Gets Judgments Against R. R. For Hogs.

Circuit court adjourned over Saturday after a week of hard work in which a lot of litigation was cleared off the docket. The feature of next week's court will probably be the big damage suit of W. N. Deering against the L. & N. Railroad Company. Mr. Deering, who was doing some work for the railroad at Beattyville, in some way fell from a scaffolding and sustained injuries which, it is alleged, have crippled him for life. He has brought suit for \$25,000 damages through Attorneys Edwards, Ogden and Peak, of Louisville, and John Noland, of this city.

The court suspended the three year sentence against Frank Richardson, of the Berea section, for non-support of his children, and released him under \$100 bond and agreement to pay \$20 a month to the Berea bank for the maintenance of his wife, Lizzie Richardson and children. The bank will report to the Circuit Clerk and upon failure of Richardson to make provision, as required, the sentence will be reinstated against him.

Judgment for \$815.89 was given in favor of the W. T. Rawleigh Company against Brutus Mottley and Wm. Jenkins, over a contract for goods alleged to have been contracted for.

The court sustained a demurrer filed by Attorneys for C. F. Chenault in a suit brought against him by David Gay of Winchester over sale of his 1916 and 1917 hemp crop which Gay claims to have bought under contract for delivery here. The plaintiff is allowed to amend his petition.

In a suit brought by J. Morgan Evans, well known stock buyer of this city, against the L. & N. railroad, for loss of 20 hogs, which are alleged to have died while being shipped to the Cincinnati market, a jury gave Mr. Evans judgment for \$541.45. However, instead of giving judgment against the L. & N. railroad, the jury gave judgment against Walker D. Hines, who is Director General of Railroads, under the present government control of the roads. The railroad company, through its local attorney, A. R. Burnam, Jr., made defense to the suit that the car in which the hogs were shipped, was too heavily loaded. Attorney G. Murray Smith, representing Mr. Evans, entered a motion that a judgment be entered by the court in favor of Mr. Evans, as against the railroad, notwithstanding the jury had made the judgment against Hines.

On suit for breach of contract filed by Attorney E. S. Wiggins on behalf of J. W. Carpenter, against Wm. Burrus, Carpenter got judgment for \$50 and costs. He was tenant on Mr. Burrus' farm.

Mrs. Mary E. Dalton was given a judgment against S. C. Reid for \$10 and the lower court costs in a suit over rental of a house, etc., each party to pay his and her own costs in this court.

Susan Foster was given a judgment against Jennie Foster in a forcible detainer suit brought for possession of a farm on the Tate's Creek pike.

The grand jury returned a number of additional indictments before adjourning over Sunday. Among them were indictments for second violation of the local option laws. A second offense of this kind constitutes a felony and is punishable by imprisonment in the penitentiary. Those indicted a second time were James Alverson and Owen Walker, two well known local negroes.

Stock and Farm News

J. F. Brown, of Ashland, has sold his farm near Cynthiana, containing 53 acres, to W. T. Hamon.

Mat Lair, of Bourbon, has sold 15 acres, known as the A. S. Thompson farm, to C. D. Wagoner, of Harrison county, at \$260 per acre.

Bert McClinton, of Millersburg, sold a pair of mules to Chas. Thompson, of Lexington, at \$500.

Davis Patrick, of Bourbon County, bought a pair of mules from Caywood & McClinton, Monday, for \$475.

L. M. Kern, of Bourbon, recently purchased a pair of mules from John Marr, of near Millersburg, for \$400.

Dr. J. T. Brown, of Paris, bought a bunch of stock cattle from Caywood & McClinton Monday, for \$50.

Clarence Kenney, of Bourbon county, bought Monday from Caywood & McClinton, of Paris, 35 head of 750 pound cattle for \$11.50 per hundred pounds.

Body of White Child Found On Lexington Pike

The body of a male child, probably still born, is lying wrapped in a cloth, near a culvert, about three or four miles from Richmond on the Lexington pike, near the farm of Mr. Dick Igo, according to a report that was made to Chief of Police Claude Devore, this afternoon by "Doc" Young, son of F. M. Young of that section. Sid Rowlett also reported to the officer that he had seen the child. The Chief at once told them to inform County Judge W. K. Price of their griesome discovery, as it is under the jurisdiction of the county officials, and not the city officers. The Chief said, however, that if no one else goes after the body and brings it in for the purpose of identification, if possible, that he will do so.

According to Mr. Rowlett, the bundle containing the child's body was seen Friday but it was thought to be merely a bundle of rags or old clothes. F. M. Young, father of the young man who reported it first, saw it, and today went to investigate and then discovered the body of the child, a little white boy, well formed, it is said, and wrapped with a cloth and a newspaper about its head.

An investigation will undoubtedly be made by the authorities at once into the terrible affair.

Will D. Cochran Found Dead In Taxicab In Cincinnati

(By Associated Press)

Cincinnati, Feb. 8—Authorities today are investigating the death of William D. Cochran, a prominent attorney and republican politician of Maysville, Ky. He was found dead in a taxicab early today but it is believed his death was due to natural causes. The taxicab driver, however, reported the matter to the police. Cochran's wife was Miss Zorayda Welsh, of Danville, Ky.

Demobilization On "Home Stretch"

(By Associated Press)

Washington, Feb. 8—General March said today that demobilization in the United States is now on the "home stretch." Up to yesterday a total of 1,185,000 men had been discharged, while the total ordered for discharge has reached 1,442,000.

Gen. March explained that the demobilization machinery has reached a point where it could handle more men than Gen. Pershing can possibly send with the available shipping.

Of the troops in the United States only overseas detachments, which must be maintained for the future demobilization of returning units, will be left.

Up to the 31st of January 236,000 men had returned from France. It is estimated that 160,000 men will be returned in February. The greatest military camp in the world will be established at Brest, which will be the backbone of the American demobilization system.

Seattle Mayor Takes Action

(By Associated Press)

Seattle, Feb. 8—At 8 o'clock this morning no action had been taken by the strike committee representing 55,000 striking workmen, on Mayor Hanson's declaration that unless the sympathetic strike is called off, he would take steps to operate all essential industries under federal protection.

Up to 10 o'clock there had been no strike disorders. The streets presented their usual appearance except thousands of armed soldiers and policemen are on duty. Meanwhile a jitney bus service was inaugurated, city owned street cars operated and a more general attempt made to resume normal business.

I. W. W. Strike In Montana

(By Associated Press)

Butte, Feb. 8—Mining in this district was practically suspended today. Hundreds of striking miners, some armed, in accordance with plans made at a mass meeting at the call of the local I. W. W. last night, today turned back men who started for work this morning.

Troops later were sent to the mines and are guarding all approaches to various properties.

SELL FINE CARS

The Madison Motors Company reports the sale of a Nash touring car to John E. Sexton and also one to Leslie Long, of the White Hall section. The company sold a Dodge, their first demonstrating machine, to John Yates.

OLD McCREARY LOT BOUGHT FOR GARAGE

Madison Motor Company To Build Structure On West Main and Handle Several Popular Cars.

A body of local men headed by Hale Dean, has just purchased the old McCreary property on West Main street, next to the postoffice building, and will erect a handsome garage and show room after razing the old building. With its passing, goes one of the landmarks of Richmond. Just when it was built, is not known, but it is one of the city's oldest houses. It was the birthplace of the late Gov. James B. McCreary, and has been in the family for many years. His son, Robert McCreary sold the place to A. R. Burnam, Jr., of this city, who in turn disposed of it to the local syndicate which expects to put up a handsome structure on the lot, which is one of the best and most prominent located in town. It is understood that a sum around \$6,500 was paid for the site.

The company of men will be known as the Madison Motors Company with Mr. Dean probably in active management. The agencies for the Dodge and Nash motor cars have already been obtained and it is probable that another car of class will be added to the attractive and popular lines that the firm has already engaged to handle. With the progressive and up-to-date management and backing that is assured, the new concern is bound to be a success from the start.

The erection of the handsome business building on the lot that has been secured, will bring enhancement of values in that part of the city. Business appears to be moving toward West Main somewhat and this new building will give the movement quite an impetus.

Respected Farmer Dies After Long and Useful Life

David J. Simmons one of the most prominent farmers of Madison county, died at his home about a mile from Richmond on the Lancaster pike, Friday, after a short illness. Although he would have been 82 years of age the first of next month, Mr. Simmons was a man of vigorous constitution, and his last illness was not long.

Three years ago he lost his wife, but four children survive, Mrs. P. B. Broadbent, Ben B. Simmons, Robert T. Simmons and John D. Simmons, and they have the sympathy of a wide circle of friends in the loss of a devoted father. Mr. Simmons had for many years been a faithful member of the Christian church. He was a man of strong convictions and sterling integrity and respected and esteemed by all who knew him. He was a native of this county, and had lived here all his life, and was universally esteemed.

Funeral services will be held at the grave in the Richmond cemetery Sunday afternoon, the cortège leaving the home at 2 o'clock.

Weather For Next Week

(By Associated Press)

Washington, Feb. 8—Weather predictions for week—Ohio Valley and Tennessee: Snow or rain Monday night or Tuesday and again at end of week. Otherwise generally fair; nearly normal temperature except some what below about the middle of week.

Two Madison Republicans May Run For Senator

There appears a strong probability that Madison county may offer two candidates for the republican nomination for State Senator for this district at the primary next August. Capt. W. T. Short has been telling friends that he expected soon to make his announcement, and word comes now that friends all over the district for some time, have been urging Mr. C. C. Wallace, also of this city, to become a candidate. The matter has gone so far, it is understood, that Mr. Wallace had assured friends that he will run, but when he learned of Capt. Short's intentions, he delayed his formal announcement, which had already been sent to the newspapers in other counties of the district. A race between these two astute politicians and popular gentlemen, would be interesting to see. Each has many warm friends who would go to "the bat" for him and make the contest an interesting one.

DAILY REGISTER TO BUILD OWN HOME

Fast New Press and Another Type-setting Machine Bought To Help Give City Up-to-date Paper.

Determined that nothing is too good for the people of Richmond and Madison county, the management of The Daily Register this week closed contracts for another type-setting machine and a Duplex perfecting press. They will be installed in a new building which will be erected on the lot just south of the Elks' Club building on Second street. It is planned to make the Daily Register office the most complete country newspaper plant in Kentucky and the structure that will be erected just as soon as the old buildings on the lot can be cleared away, will be constructed solely to meet the requirements of a modern and up-to-date newspaper, such as is worthy of so splendid a community as this.

The new press will enable the paper to issue four, six or eight pages as advertising and news may require, all printed at the same time and at a speed up to 4,000 an hour, the papers coming from the press, folded and ready for mailing or the carriers. It has been almost an impossibility at times for the Daily Register with its present old press and equipment to issue over four pages a day, unless arrangements were perfected to issue more pages the day before. And the difference in time that will elapse in getting out the papers to the mails or to the city carriers may be realized when the speed of 1,200 an hour that the present old press attains is contrasted with the 4,000 an hour that the Daily Register's new press will accomplish.

While right now Richmond is one of the finest little cities of its size to be found anywhere in the world and old Madison is one of the largest and wealthiest counties in Kentucky, the Daily Register believes that there is an era of wonderful improvement and prosperity before this magnificent community and it believes it strong enough to be willing to spend quite a little money that Richmond and Madison county may have a daily newspaper that measures up to the occasion in every way. The Daily Register expects to have 5,000 subscribers in the next 12 months. It began publication a little over a year ago with 1,400, and now has substantially 3,000 the increase coming naturally without the least solicitation or effort. To print 5,000 or even 3,000 papers far more rapid and efficient machinery is necessary than the old make-shifts it has had to employ during its early life and for this reason, these substantial improvements are to be made.

When Richmond gets her new sewers, paved streets, a white way and other improvements all of which are now assured at an early date, there is no reason in the world why she should not have 10,000 population within the next few years. The Daily Register believes that if every citizen will do his or her part, the city and entire community will grow by leaps and bounds not dreamed of before. The Daily Register is getting ready to do its full part toward bringing about such a desirable condition of affairs.

Now is the time to subscribe.

Heard About Town

V. S. Beatty, a prominent young attorney of Beattyville, was in Richmond Thursday on business. Mr. Beatty has made a fortune out of the oil game in his county, and is regarded as one of the best posted men in his section of the business.

J. S. Anderson, formerly of Garrard county, but who has lived in Oklahoma for the past 14 years, is back home on a visit. He spent Saturday in Richmond with friends.

T. H. Little, of Jackson county, who bought the E. C. McWhorter farm near Paint Lick, and will move to it soon, was in Richmond today having the Daily Register print him some bills for a big sale he is to hold in Breathitt county.

Mrs. Nelson Prewitt and daughter, Miss Bessie, are spending the weekend in Lancaster, the guests of the former's sister, Mrs. Wm. Casey.

Mary Fryman sold 68 acres in Pendleton county, to Sam Jewett.

Robert Berry has sold 80 acres five miles west of Cynthiana, to W. Moore, of Cynthiana.

Goosman Loses \$500 Worth of Flour In Bakery Fire

When Henry Eckberg, baker for F. H. Goosman's bakery, on East Main street, was filling the steam box under the big ovens with gasoline, preparatory to starting up this morning, the gas caught fire and in a very few minutes the entire rear end of the bakery was ablaze.

The fire department quickly responded to an alarm and had two hoses playing on the burning building in short order. The blaze was soon extinguished, though just before the fire laddies got to work, flames were bursting out of the rear structure on all sides and it seemed that the conflagration might prove a dangerous one. There are a lot of small frame buildings, outhouses, etc., in the immediate neighborhood, and but for the prompt work of Chief Ben Daugherty and his fire crew, the fire would soon have attained disastrous proportions with so much combustible material at hand.

The principal loss sustained by Mr. Goosman was about \$500 worth of flour which he had just gotten in for baking purposes. The ovens and other baking apparatus were but slightly damaged, most of which was covered by insurance, but the flour will prove a severe loss, as no insurance was carried on it.

Not a bad idea to let L. P. Evans, insurance man of Richmond, call before the fire department does; then you are always well protected no matter how serious a blaze may be, if you have one of his solid policies covering your property.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadows, Ky.—Mrs. Pearl Pat-
rick, of this place, writes: "I was
very constipated. I had sour stomach
and was so uncomfortable. I went to
the doctor. He gave me some pills.
They weakened me and seemed to
tear up my digestion. They would
gripe me and afterwards it seemed
I was more constipated than before.

I heard of Black-Draught and de-
cided to try it. I found it just what I
needed. It was an easy laxative, and
not bad to swallow. My digestion soon
improved. I got well of the sour stomach,
my bowels soon seemed normal,
no more griping, and I would take a
dose now and then, and was in good
shape."

I cannot say too much for Black-
Draught for it is the finest laxative
one can use."

Theford's Black-Draught has for
many years been found of great value
in the treatment of stomach, liver and
bowel troubles. Easy to take, gentle
and reliable in its action, leaving no
bad after-effects, it has won the praise
of thousands of people who have used
it. NO-125

FRED WEIKEL FARMS

708—Acres—708

at Public Auction

These Fine Shelby County Farms Will be Sold at Auction on
THURSDAY, FEB. 14th at 9 o'clock sharp

WILL BE SOLD IN FOUR TRACTS

Owing to many other business interests that demand his entire time and attention, the owner of the above farm has entered into a written contract with us whereby we will subdivide and sell at auction ABSOLUTELY WITHOUT RESERVE OR BY-BID, this large estate together with all livestock, feed, farm implements, etc.

LOCATION—This farm is located on Floyd's Fork Creek, about five hundred and fifty (550) acres of which is in Shelby county, the remainder lies just across the creek in Oldham county, and is about 20 miles east of Louisville and 15 miles northwest of Shelbyville on the Shelbyville and Crestwood pike, in a splendid neighborhood, near schools and churches. It is four miles from Crestwood on the main line of the L. & N. and LaGrange division of the Louisville and Interurban also about the same distance from the Shelbyville Interurban at Eastwood.

STATE OF CULTIVATION—For the past ten years, this farm has been used as a large live stock raising and feeding establishment. A very large amount of feed having been fed on this farm every year, all of which was given back to the soil, with over a thousand tons of limestone having been spread over same. Besides the farm has been kept thoroughly clovered (several hundred tons of hay now in barn), which fact makes this farm ready to produce fine crops of anything you care to raise.

HOW DIVIDED—Farm will be offered in four tracts, each sold separately and in a group and then as a whole and the best bid or bids will be accepted. All of the tracts are well fenced and watered and improved.

TRACT NO. 1—Contains 141.68 acres and fronts one half mile on the Shelbyville and Crestwood pike, is strictly first class land, contains about fifty acres of Floyd's Fork bottom land that will grow 75 bushels of corn per acre, and any other crop you care to grow. Improvements consist of a two-story brick residence of eight rooms, a large stock barn, double corn crib, machine shed and all necessary outbuildings.

TRACT NO. 2—Contains 210.11 acres, with a very long pike frontage, land lies perfectly, is productive, under good fence and well watered. Improvements consist of one tenant house and a very large new stock barn.

TRACT NO. 3—Contains 308.39 acres, practically all of which is in blue grass, orchard grass and wheat. This is fine productive soil, just ready to give the best results in the way of crops and is well adapted to corn, wheat and tobacco. Improvements consist of a two-story residence of eight rooms, 3 good barns, all other necessary outbuildings and tenant house. This tract is abundantly watered, under good fence, and the purchaser who buys it will make a lot of money in the near future.

TRACT NO. 4—Contains 48.56 acres of very fine productive soil, a large amount of which is first class tobacco land, a large portion of this tract being in blue grass and is just right for cultivation. Improvements consist of a nice cottage of 3 rooms. This tract will make someone a nice little home, as it is a very desirable location, facing the pike for quite a distance.

Also All Live Stock, Crops, Implements and Tools

We will sell the following personality consisting of 44 head of pure bred registered and eligible for registry Angus cattle; among them are some very fine cows, heifers, and calves; also 2 very fine Angus bulls; 26 900-pound grade steers, good ones; will be sold in small lots; 3 fine Jersey cows, will be fresh in spring; 100 good breeding ewes, due to lamb in March; 3 brood mares; 8 work mules, from 5 to 8 years old 35 stock hogs that will weigh about 100 pounds, will be sold in small lots; 1 sow and six pigs; 1 saddle pony.

FARMING IMPLEMENTS—Of every description including Blizzard Cutters, Gasoline Engines, etc.

TERMS—Very liberal and made known on day of sale.

JUST A WORD—In offering to the buying public these several tracts of land and the above personality under the conditions as heretofore stated, whereby you absolutely know that you are buying at your own price, we certainly feel that we deserve your co-operation and support.

TIME OF SALE—Owing to the magnitude of this sale we will be compelled to begin with the personality promptly at 9 o'clock SHARP. The real estate will be sold promptly at 1 o'clock. Be on hand early and avail yourself of the opportunity of getting the early bargains.

INSPECTION OF LAND INVITED—We will be glad to show these farms to interested parties. Either call on the undersigned or our representative, Richard Radcliffe, at Shelbyville, who will take you over the farms.

Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the tissue and destroys the organs or part. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the direst plague. Fortify your system. Take Peruna."

INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW.

A Good Medicine in the Family. I had a bad case of LaGrippe and could get no relief. Peruna cured me. It is a fine medicine. We often use it in the family and find good results.

MRS. GENTRY GATES, East Lake Station, Birmingham, Alabama.

FEELS LIKE A DIFFERENT PERSON. Peruna has cured my stomach and I feel like a different person. I only took two bottles of Peruna and can eat anything without distress, something I have not done for fifteen years.

I recommend Peruna to everybody suffering with catarrh of the stomach.

1021 16th St., Columbus, Georgia.

J. J. THOMPSON.

FOR ALL FORMS OF CATARRH.

Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy.

If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic.

Baby Girl Dies of Flu

A three-year-old daughter of Fred Hardin, who lives on the farm of Col. N. B. Deatherage on Muddy Creek, died at their home yesterday of the flu. Four other children of this family are also ill with the malady, and the parents have the sympathy of many friends in their trouble and sorrow.

**'Sunshine Girls' Here
Three Nights Next Week**

Among the most interesting programs this season will be attraction at the Opera House Monday night. Hauk's Sunshine Girls Company presenting the best singing, dancing comedy tabloid shows ever appearing in Richmond. The management can personally recommend this show as a strictly high class show, it played in Lexington all this week at the Ada Meade theatre, and of all the tabloid shows that have played there the past season, it is said Hauk's Sunshine Girls Company is the best.

These players will be here three nights. They will change their program each night—three different changes will be made during their engagement.

In addition to this feature, the regular picture program will be shown. On Monday night Elsie Ferguson will be seen in "Hearts of the Wild," a picture that'll make you smell the evergreen pines and feel the thrill of adventure. The story is adapted from the play "Pierre of the Plains." See what a fearful damage a slip of the tongue can do. Her brother was at grips with the law for her sake. Her sweetheart was an arm of the "Northwest Mounted." Neither hunted or hunter knew the other. Can you imagine who happened when the hunter found his prey? It's an Arteract Paramount production. The 6th episode of "The Iron Test" featuring Antonio Moreno and Carol Holloway, and a Paramount pictograph will be shown in addition to Hauk's Sunshine Girls in "Little Dolly Dimples," with plenty of good clean comedy, all the latest songs and dances, pretty costumes. The show will be one that will please the most exacting person. A kind of show that has never before been presented in Richmond. Remember there will be an entire change of program at each performance. Regular program of pictures will be shown at the Alhambra at matinee only.

CONCERNING WELL-KNOWN BUSINESS AND NEWSPAPER

What Clarksville Merchant Thought and What The Louisville Courier-Journal Thinks.

(From Clarksville, Tenn. Leaf Chronicle.)

The writer was walking along our main business thoroughfare this morning, when he saw a friend, a merchant, standing nonchalantly in front of his store. Bantering him the newspaper man suggested that an ad. in the Leaf Chronicle would put him behind his counters. The merchant said:

"Yes, I know that—but I don't to kill myself working. I like to get out here once in a while and enjoy the ozone, see the blue sky and hear the pigeons coo, and look here, Bill, I've been thinking I really ought not to have to advertise so much. I've been here in business for years. I've been at the same stand. I've handled the same merchandise all that time. I've treated the public fair and square. Now they know all about me—they know they can come right here and get it. Now, isn't that correct reasoning?"

"Well, my friend," said the newspaper man, "I can't stop right now to show you the fallacy of your logic, for I must go to the office and look after the advertisement of another old-timer, a sure-enough old-timer, who recently celebrated her fiftieth anniversary in business, namely the Courier-Journal. We know the Courier-Journal, its achievements in the past, its steady progress with the forward march of time and events, and yet when the Old Lady wants to get far-reaching results she gets them by the quickest, surest route, by advertising. And when she wants to reach this section, she advertises in the Leaf Chronicle, another leader, if in a smaller way, in the progress and welfare of the community it serves. Watch the Leaf Chronicle today. It is not a 'courtesy adv.' by the way, but it is paid for in cash, at our established card rates, without quibble or question. Well, after all, I did stop long enough to give you an answer to your question, didn't I? But, so long."

"Hey, wait a minute, Bill. I just want to tell you I'll see you in the morning about another customer, have we's about out, isn't it? You

know you can always trust all my customers, remember, and you

do not a fellow to work."
